

Because they're so precious,
want to make sure they're washed
when they need to be.

World's first^{※1} !! All-in-one caregiving bathing equipment

One caregiver alone can comfortably and safely attend to the care recipient while they remain in their regular bed, without wetting or soiling it, making it convenient, easy, and comfortable.

Using specialized mildly acidic soap for a refreshing cleanliness!
Using it feels just like taking a shower, ensuring a thorough bathing experience.
